

Directions: In order for the teleconference to be interactive, we need the attendees at the Atlanta site to ask questions. Confer with the members of the group and write four or five questions that can be asked of Commissioner Henney. Suggested topics for questions include:

- Partnership with other groups
- Ways to communicate with the public
- Resource allocation
- Priorities
- Women's health and dietary supplements

Please print your questions at the bottom of the attached sheet.

Will the FDA seek funds to initiate grants and/or partnerships to meet some of its data needs.

FOA is looking at stronger integration of food safety programs from the federal, state and local jurisdictions in order to leverage all available resources to maximize effectiveness. Where are we with respect to bringing all stakeholders, i.e. industry, consumer group and academia into the discussions -
